REGENT BUSINESS SCHOOL

REGENT Business School (RBS) is a Private Higher Education Institution with their head office located in the industrial hub of Durban, on the eastern seaboard of South Africa. The institution was established in 1998 with a mission to provide affordable and accessible education, resulting in a number of fully accredited world class programmes.

RBS programmes cover the areas of business administration, commerce, management and leadership, entrepreneurship, local government, educational management and range from higher certificates to postgraduate programmes, including the recently launch Doctor of Business Administration (DBA)

The unprecedented pace of technological advancements in recent times has seen tremendous growth in artificial intelligence (AI), robotics, autonomous vehicles, the Internet of Things (IoT), and nanotechnology. These fields have become the new norm of the Fourth Industrial Revolution (4IR) or the Digital Age. As such, new standards for what students should be able to do are replacing the basic skill competencies and knowledge expectations of the past. At RBS, our goal is to create meaningful societal change and provide education that is impactful.
